

Minnesota HotFile Confirmation Request IEPD

Summary:	<p>The HotFile Confirmation Request is used by an agency that has found a person or property of interest by another agency and wants to confirm that the person or property is still of interest and that the person or property is the one they want. There are 10 different requests and include:</p> <ul style="list-style-type: none"> • Stolen / Felony Vehicle Request • Warrant Request • Protection Order Request • Missing Person Request • Stolen License Plate Request • Stolen Gun Request • Stolen Article Request • Stolen Vehicle Part Request • Stolen Security Request • Stolen Boat Request <p>The HotFile Confirmation Request is received by the agency that has interest in the person or property. When they receive the request, they determine if there is still interest in the person or property and that the person or property is the correct one. They then communicate back to the agency that has made the find. That agency would receive the HotFile Confirmation Response.</p> <p>To use:</p> <ul style="list-style-type: none"> • The schema containing the root element is HotFileConfirmationRequest_1.0_mnr.xsd. • The other schemas are imported and should be in the same directory as the root element schema.
